CNP Assurances to carry out four-for-one stock split

At CNP Assurances's Annual General Meeting, which was held on 25 May 2010, shareholders approved the tenth resolution authorising a four-for-one stock split.

The split will make the CNP Assurances share, whose price has risen by 132% since the initial public offering in October 1998, more affordable to individual investors and other new shareholders, while also enhancing its liquidity.

The transaction will be carried out at the close of trading on Monday, 5 July 2010 with effect from the morning of Tuesday, 6 July 2010. From that date, the number of shares held by shareholders will be multiplied by four, and the share price will be divided by four accordingly. As a result, portfolio values will not be affected.

This transaction will be carried out at no cost to CNP Assurances shareholders, without any formalities or loss of rights. As of Tuesday morning, 6 July, the Company's capital will be comprised of 594,151,292 ordinary shares with a par value of €1 each.
