About CNP Assurances

CNP Assurances is France's leading personal insurer with net profit of €1,200 million in 2016. The Group also has operations in other European countries and in Latin America, with a significant presence in Brazil. It has more than 35 million personal risk/protection insureds worldwide and more than 14 million savings and pensions policyholders. For 160 years, CNP Assurances has been protecting people against the risks of everyday life. The Group designs and manages life insurance, pension, personal risk insurance and protection products (term creditor insurance and health insurance).

- In France, CNP Assurances distributes its individual insurance products through La Banque Postale and the Caisses d'Epargne, as well as through its own network: Amétis. In Brazil, its second largest market, the Group's partner is Caixa Econômica Federal, the country's second-biggest state-owned bank.
- In group insurance, CNP Assurances crafts tailor-made personal risk, pension and term creditor insurance products that are aligned with the needs of companies, local authorities, mutual insurers, non-profit organisations, and banks, in Europe and Latin America.

CNP Assurances has been listed on the first market of the Paris Stock Exchange since October 1998 and has a stable shareholder structure thanks to the signing of an agreement between its major shareholders (Caisse des Dépôts, La Banque Postale, Groupe BPCE and the French State).

Disclaimer:

Some of the statements contained in this presentation may be forward-looking statements referring to projections, future events, trends or objectives that, by their very nature, involve inherent risks and uncertainties that may cause actual results to differ materially from those currently anticipated in such statements. These risks and uncertainties may concern factors such as changes in general economic conditions and financial market performance, legal or regulatory decisions or changes, changes in the frequency and amount of insured claims, changes in interest rates and foreign exchange rates, changes in the policies of central banks or governments, legal proceedings, the effects of acquisitions and divestments, and general factors affecting competition. Further information regarding factors which may cause results to differ materially from those projected in forward-looking statements is included in CNP Assurances' filings with the *Autorité des Marchés Financiers*. CNP Assurances does not undertake to update any forward-looking statements presented herein to take into account any new information, future event or other factors.

Certain prior-period information may be reclassified on a basis consistent with current year data. The sum of the amounts presented in this document may not correspond exactly to the total indicated in the tables and the text. Percentages and percentage changes are calculated based on unrounded figures and there may be certain minor differences between the amounts and percentages due to rounding. CNP Assurances' final solvency indicators are submitted post-publication to the insurance supervisor and may differ from the explicit and implicit estimates contained in this document.

This document may contain alternative performance indicators (such as EBIT) that are considered useful by CNP Assurances but are not recognised in the IFRS adopted for use in the European Union. These indicators should be treated as additional information and not as substitutes for the balance sheet and income statement prepared in accordance with IFRS. They may not be comparable with those published by other companies, as their definition may vary from one company to another.
