Biography

Updated March 2026

Olivier Guigné

Group Chief Investment Officer and Director of Artificial Intelligence, Innovation and Transformation

Olivier Guigné has taken the helm of the new entity in charge of artificial intelligence, innovation and the transformation of CNP Assurances. This department is responsible for modernising the Group's tools, working methods and customer journeys. He exercises this responsibility while retaining his role as Group Chief Investment Officer.

Previously, in April 2024, he had been appointed Director of Investments and Savings for Europe, supervising the Group's investments and all the savings activities of CNP Assurances in Europe, grouped within CNP Assurances' Wealth Management Europe Business Unit.

Between 2018 and 2024, he was Director of Investments, responsible for the Engineering and Wealth Management Business Unit.

He joined CNP Assurances in 2009 as Head of Asset-Liability Management (ALM) and Strategic Asset Allocation, after a career in the finance and risk departments of investment banks and at the Caisse des Dépôts group.

A graduate of Centrale-Supélec, Olivier Guigné is a member of the Executive Committee of CNP Assurances.
