

## BIOGRAPHY OF OLIVIER BOUSQUET

*Updated October 2019*

Olivier Bousquet is Head of Architecture, Innovation and Transformation in the Customer Experience and Group Information Systems department (DECSI).

With a DEA (doctoral programme degree) in Information Systems from the Pierre et Marie Curie University in Paris, Olivier Bousquet joined CNP Assurances in 1999. As IT architect team leader, he promoted and supported the roll-out of new technologies and practices that formed the basis of changes in the Information System.

Between January 2018 and Septembre 2019, he was Head of Innovation in the DECSI. Since then, he has been leading a multidisciplinary team that supports the Company in its digital transformation.

He is also a Board member of the start-up company Stratumn in the scope of Open CNP.
