July 2020

## Disclaimer

Some of the statements contained in this presentation may be forward-looking statements referring to projections, future events, trends or objectives that, by their very nature, involve inherent risks and uncertainties that may cause actual results to differ materially from those currently anticipated in such statements. These risks and uncertainties may concern factors such as changes in general economic conditions and financial market performance, legal or regulatory decisions or changes, changes in the frequency and amount of insured claims, changes in interest rates and foreign exchange rates, changes in the policies of central banks or governments, legal proceedings, the effects of acquisitions and divestments, and general factors affecting competition. Further information regarding factors which may cause results to differ materially from those projected in forward-looking statements is included in CNP Assurances' filings with France's securities regulator (*Autorité des Marchés Financiers* - AMF). CNP Assurances does not undertake to update any forward-looking statements presented herein to take into account any new information, future event or other factors.

Certain prior-period information may be reclassified on a basis consistent with current year data. The sum of the amounts presented in this document may not correspond exactly to the total indicated in the tables and the text. Percentages and percentage changes are calculated based on unrounded figures and there may be certain minor differences between the amounts and percentages due to rounding. CNP Assurances' final solvency indicators are submitted post-publication to the insurance supervisor and may differ from the explicit and implicit estimates contained in this document.

This document may contain alternative performance indicators (such as EBIT) that are considered useful by CNP Assurances but are not recognised in the IFRSs adopted for use in the European Union. These indicators should be treated as additional information and not as substitutes for the balance sheet and income statement prepared in accordance with IFRS. They may not be comparable with those published by other companies, as their definition may vary from one company to another.

Social Responsibility  
Strategy**

## OUR CSR STRATEGY IS BUILT AROUND 4 CORE COMMITMENTS

### Be a responsible insurer

- Keep pace with social and societal developments
- Transform services rendered to policyholders via digital technology
- Commit to customer satisfaction
- Ensure good business ethics
- Protect personal data
- Offer products that are affordable for all
- Uphold human rights

### Be an attractive employer

- Attract and retain talents, develop skills
- Commit to offering favourable working conditions

### Have a positive impact on society

- Make ESG and climate challenges part of the investment processes
- Be a responsible purchaser
- Develop social initiatives in the field

### Control our environmental footprint

- Measure our environmental footprint
- Reduce our environmental footprint

## OUR COMMITMENTS ARE ALIGNED WITH THE UNITED NATIONS SUSTAINABLE DEVELOPMENT GOALS

- **38 million** personal risk/protection insureds worldwide

SDG #3

- **5,353** employees
- **96%** under permanent contracts
- **97%** covered by collective bargaining agreements

SDG #8

- CEO-to-median-employee pay ratio: **8x**
- CNP Foundation's programme to reduce social inequality is improving access to healthcare for **60,000** young people

SDG #10

- Environmental, social and governance (ESG) filters applied to **82%** of the investment portfolio

SDG #12

- **€14.4bn** in green investments AUM at the end of 2019, with the objective of reaching €20bn by the end of 2023

SDG #13

- **94** countries excluded from our investment portfolio due to tax opacity, corruption or failure to respect democratic rights and freedoms

SDG #16

## COMMITMENTS SIGNED BY CNP ASSURANCES

## OUR RESPONSE TO THE COVID-19 CRISIS

- As a prominent and responsible insurer, CNP Assurances rapidly took action to support all our stakeholders
  - For our **customers**, we streamlined and speeded up claims processes and allowed them to postpone the payment of insurance premium
  - Going above and beyond our policy obligations, we dedicated €50m to cover the cost of work time lost by employees for reasons such as childcare
  - We contributed €24m to the solidarity fund set up by the French government to help **micro-companies and freelance professionals** recover
  - We are participating in the €1.5bn investment program established by the French insurance industry to help **SMEs** bounce back. This long-term program will also underpin the **healthcare industry** through the creation of a dedicated fund
  - To show our support and gratitude to **health workers**, we supplied them with meals and facemasks and funded medical research into Covid-19
  - For the **most vulnerable individuals**, such as women at risk of domestic abuse, students facing hardship, elderly people living alone, we stepped up our financial support
- Completely novel protection needs are taking shape as people have to learn to live with the risk of a pandemic
  - To help meet these needs, we have been exploring **new solutions** covering products, services and customer relationships
  - We are also involved in an industry taskforce to build the **health catastrophe system** of the future

## ENVIRONMENTAL KPI

### Environmental footprint of CNP Assurances activities

**34.3 kteqCO<sub>2</sub>**

of **greenhouse gas (GHG) emissions**  
at CNP Assurances level <sup>(1)</sup>

- up (+ 12%) due to the integration in 2019 of a more complete scope of GHG emissions related to the purchase of IT services (scope 3)
- down (- 5%) on a like-for-like basis due, among other things, to the decrease in home-work trips (telework effect) and air travel

**22.2 GWh**

of **electricity consumption**  
at Group level

- slightly down (- 1%) due to measures implemented to reduce electricity consumption (lighting, heating and servers)

**70,923 m<sup>3</sup>**

of **water consumption**  
at Group level

- down (- 6%) due to measures implemented to eliminate water leaks and control different consumption

## ESG SCREENING SIGNIFICANTLY ENLARGED TO A WIDER RANGE OF ASSET CLASSES SINCE 2008

% of AUM integrating ESG filters

## SHAREHOLDER ENGAGEMENT

### ➤ Voting policy

- Since 2005, CNP Assurances has systematically voted at general meetings of listed companies
- Special attention is paid to governance criteria, management's remuneration, transparency and quality of information disclosed, energy and environmental transition
- In 2019, CNP Assurances voted against 17% of the resolutions proposed

### ➤ Shareholder dialogue

- Direct dialogue with companies ahead of the general meeting on governance criteria and on their transition towards a low-carbon economy
- Special attention is paid to companies with high ESG risks, or whose contribution to the energy and environmental transition is deemed non-existent or insufficient
- In 2019, CNP Assurances led 14 direct dialogues with 11 companies

## STRONG DEVELOPMENT OF RESPONSIBLE UNIT-LINKED

- At the end of 2019, CNP Assurances had nearly 490,000 subscriptions in responsible unit-linked\* representing an outstanding amount of €1.9bn, up 81% year on year
  - higher demand from customers for responsible savings vehicles
  - efforts of asset managers to integrate a responsible investment management strategy in the existing funds

# 4

## Our Contribution for Climate

# A RESPONSIBLE INVESTOR CONTRIBUTING TO THE 1.5°C CLIMATE OBJECTIVE

## ➤ To help limit global warming, CNP Assurances has made the following commitments:

- to double its green investments AUM to €20 bn by the end of 2023 from €10.4 bn at the end of 2018
- to reduce its equity portfolio's carbon footprint by 47% reduction between 2014 and 2021, to 0.25 teqCO<sub>2</sub>/€k invested by end-2021
- to reduce its property portfolio's carbon footprint by 40% between 2006 and 2021, to 18 kgeqCO<sub>2</sub>/m<sup>2</sup> by end-2021

## ➤ The Group has announced new ambitions to withdraw from the thermal coal industry:

- by targeting zero exposure to thermal coal in its investment portfolio by 2030 in EU and OECD countries, and by 2040 in the rest of the world
- by immediately divesting from companies with more than 20% of revenue linked to thermal coal
- by refusing to invest in companies with more than 10% of revenue linked to thermal coal, with an electricity generation capacity based on thermal coal of more than 5 GW or producing more than 10 million tons of thermal coal a year
- by refusing to invest in companies developing new coal-fired power plants, coal mines or infrastructures contributing to the exploitation of thermal coal
- by regularly reviewing exclusion criteria for its investment portfolio
- by asking all companies to which CNP Assurances is directly exposed to publish, by 2021, a thermal coal exit plan aligned with an exit by 2030 in EU and OECD countries, and by 2040 in the rest of the world, based on the closure and not the sale of assets
- by pursuing a policy of shareholder dialogue with companies in the sector in order to encourage those developing new thermal coal projects to abandon them, and those with thermal coal assets to adopt and implement an exit plan

## COMMITMENT TO A CARBON-NEUTRAL INVESTMENT PORTFOLIO BY 2050

### ➤ In November 2019, CNP Assurances joined the Net-Zero Asset Owner Alliance

- launched in September 2019 at the United Nations' Climate Action Summit, the Net-Zero Asset Owner Alliance brings together insurers and pension funds who commit to making their investment portfolios carbon neutral by 2050
- by targeting the transition of their portfolios to net zero GHG emissions by 2050, the members of the Alliance wish to help limit global warming to 1.5°C in line with the Paris Agreement

### ➤ As part of this long-term commitment, CNP Assurances will take into account advances in available scientific knowledge, particularly the conclusions of the IPCC, and will regularly report on the progress made by setting interim objectives every five years to 2050

### ➤ Joining the Alliance involves implementing 3 action levers:

- regularly measuring the investment portfolio's alignment with the Paris Agreement and publishing the progress made
- conducting a shareholder dialogue with companies to ensure they are also targeting carbon neutrality
- calling for public policies that promote the transition to a decarbonized economy

## STRONG COMMITMENTS TO DECARBONIZE OUR INVESTMENT PORTFOLIO
